

PANTHER XPS

By MarineTech

Panther XPS Power Steering System

- 10,000-hour run test without failure
- Exceeds ABYC standards
- Patented design
- Quiet operation
- Shorter install times
- Controlled steering
- Self priming with no bleeding hoses

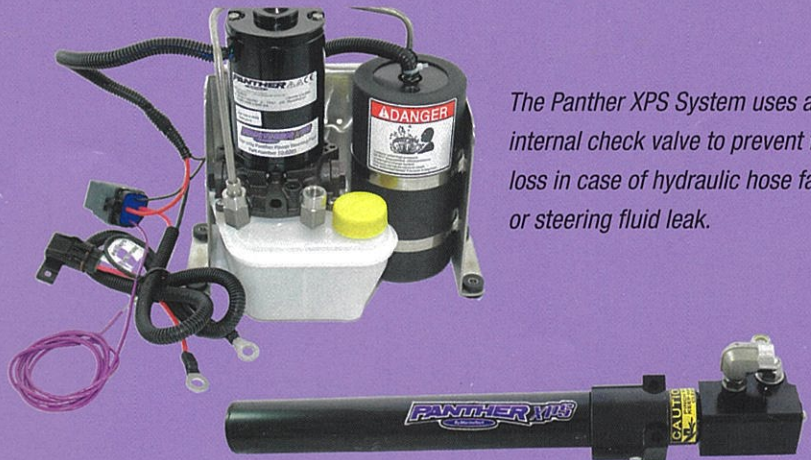

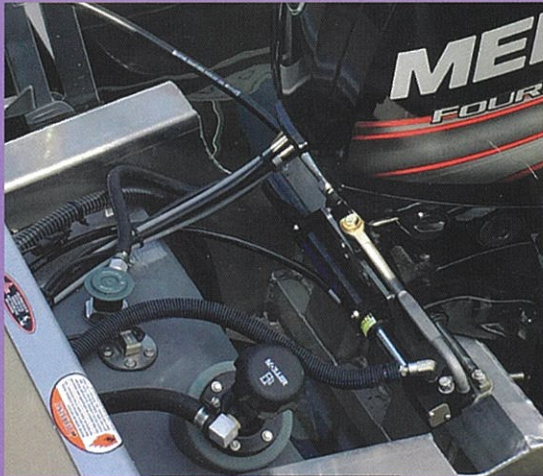

The Panther XPS Power Steering System by MarineTech Products is a hybrid steering system that combines the durability and dependability of cable steering with the ease of automobile-like power steering.

Easy to maneuver in tight quarters, the Panther XPS System eliminates prop torque so high-speed turns are safer, easier and more controlled.

PANTHER XPS

By MarineTech

This patented Panther XPS System uses stored power by delivering pressurized fluid to the cylinder so the pump only runs when the volume of fluid in the accumulator drops to a predetermined level (typically less than 10% of the engine run time). Other systems run continuously or when there is ANY steering input to the wheel. Limited run time saves power and reduces the risk of dead batteries.

The Panther XPS System uses an internal check valve to prevent fluid loss in case of hydraulic hose failure or steering fluid leak.

The Panther XPS System is designed to be installed on 75 to 250 hp outboard motors that are equipped with a feedback helm with a single steering-cable system.

The hose kit contains two hoses—high pressure and low pressure—with fittings. The low-pressure hose is 12" longer to allow for uninterrupted travel when connected to the cylinder actuator.

Multiple hose lengths are available so you can custom fit the Panther XPS System to your boat. (One hose kit is needed per system.)

Each Panther XPS Power Steering System comes with 2 qts. of specially formulated, fully synthetic hydraulic fluid.

781-100205	Panther Synthetic Power Steering Fluid (1 qt.) – case packs only (12 qts.)
781-106106	Panther XPS Hose Kit 6' – 1/4" Hi-Pressure Hose plus 7' – 5/16" Return Hose
781-106107	Panther XPS Hose Kit 7' – 1/4" Hi-Pressure Hose plus 8' – 5/16" Return Hose
781-106108	Panther XPS Hose Kit 8' – 1/4" Hi-Pressure Hose plus 9' – 5/16" Return Hose
781-106110	Panther XPS Hose Kit 10' – 1/4" Hi-Pressure Hose plus 11' – 5/16" Return Hose
781-106112	Panther XPS Hose Kit 12' – 1/4" Hi-Pressure Hose plus 13' – 5/16" Return Hose
781-106114	Panther XPS Hose Kit 14' – 1/4" Hi-Pressure Hose plus 15' – 5/16" Return Hose
781-106116	Panther XPS Hose Kit 16' – 1/4" Hi-Pressure Hose plus 17' – 5/16" Return Hose
781-106118	Panther XPS Hose Kit 18' – 1/4" Hi-Pressure Hose plus 19' – 5/16" Return Hose
781-106120	Panther XPS Hose Kit 20' – 1/4" Hi-Pressure Hose plus 21' – 5/16" Return Hose
781-106122	Panther XPS Hose Kit 22' – 1/4" Hi-Pressure Hose plus 23' – 5/16" Return Hose
781-106124	Panther XPS Hose Kit 24' – 1/4" Hi-Pressure Hose plus 25' – 5/16" Return Hose
781-107200	Panther XPS Power Steering Unit (includes 2 qts. of oil)
